

SEWING DARAZ

COMPANY PROFILE

Sewing Daraz

Sourcing Capabilities

B2B sourcing of fashion, garment and textile materials for designers, manufacturers, buying houses and institutions — express local supply across Pakistan, or custom factory import direct from China.

LOCAL & CHINA SOURCING

Office No 4119, 4th Floor, World Trade Center, Giga Mall, Islamabad

INTRODUCTION

Your fashion sourcing partner.

Sewing Daraz is a business-to-business sourcing house for fashion, garment and textile materials. We work with designers, apparel manufacturers, buying houses, uniform suppliers, institutions and corporate gifting teams who need the right material, at the right specification, on a deadline.

Every requirement is handled on one of two routes: express local sourcing from our trusted supplier network inside Pakistan, or a custom import produced direct by factories in China. One team, one point of contact, either way.

We do not publish public prices or run an online checkout. Each enquiry is quoted individually against your quantity, specification and timeline.

30

Fashion & textile categories

14

Souvenir & gifting categories

400+

Listed example products

7-15

Business days local delivery

OUR PROMISE

Listed products are examples, not limits.

Send a photo, sketch, sample or specification — if it exists in the market, we will source it.

TWO ROUTES

Local speed. China scale.

Every requirement is matched to the route that serves it best. We advise on the route before you commit, and can quote both for comparison.

Express Local (Pakistan)

Pakistan network · 7–15 business days

- 01 Requirement — share your reference, specification and quantity.
- 02 Local network match — matched across trusted hubs in Pakistan.
- 03 Rapid sampling — quick local samples where confirmation is needed.
- 04 Local dispatch — stock verified and dispatched within Pakistan.
- 05 7–15 business days — delivered to your business, nationwide.

Best for: urgent production, top-ups, lower quantities, fast sampling.

Custom China Import

Factory direct · 100–110 business days

- 01 Requirement — reference, specification, quantity and deadline.
- 02 Factory match — suitable factories and options identified in China.
- 03 Sample approval — physical samples arranged and approved first.
- 04 Bulk production — produced exactly to your approved specification.
- 05 QC & import clearance — goods checked, clearance coordinated.
- 06 Nationwide delivery — shipment delivered across Pakistan.

Best for: bulk volume, custom tooling, branded hardware, lower unit cost.

Repeat and seasonal supply

Successful products move into recurring supply so your team can plan future production with continuity.

WHAT WE SOURCE

30 fashion & textile categories.

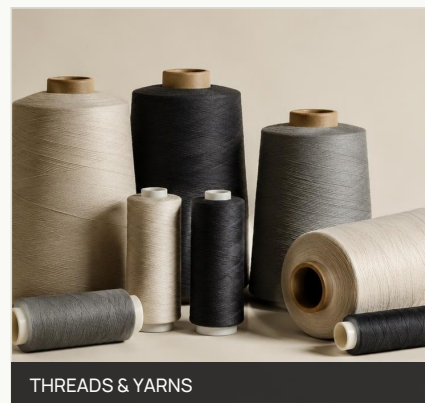

Across garment components, design and pattern tools, production supplies, machines and factory consumables, branding, packaging and textile materials.

BUTTONS & FASTENERS

ZIPPERS & SLIDERS

CUSTOMISATION

- Logo printing, embroidery and engraving
- Custom moulds, shapes and finishes
- Branded packaging and presentation boxes
- Bulk event and giveaway programmes

HOW AN ORDER RUNS

From enquiry to doorstep.

- | | | |
|-----------|-----------------------------------|--|
| 01 | Enquiry | You send the requirement with reference photos, sketches or a physical sample. |
| 02 | Route advice & costing | We advise local or China, then quote against quantity and timeline. |
| 03 | Sample matching | Options are presented; physical samples where the item needs confirmation. |
| 04 | Client sign-off | Nothing goes to production until you approve the sample and the price. |
| 05 | Production or stock pick | Factory production in China, or verified stock picked in Pakistan. |
| 06 | Quality inspection | Checked against the approved sample before dispatch. |
| 07 | Delivery | Import clearance coordinated where needed, delivered across Pakistan. |

Quality assurance

- Pre-production sample approval on every custom order
- Specification checks on material, size, colour and finish
- Quantity and packing verification before dispatch
- Replacement handling on verified defects

WHY WORK WITH US

A sourcing desk, not a shop.

Dual sourcing

Local and China under one desk — we pick the route that fits your deadline and budget.

Verified office

A physical office in Islamabad you can visit, not an anonymous online seller.

Specification first

Quoted against your exact material, size, colour, finish and quantity.

Sample before bulk

Custom production only proceeds after you approve a physical sample.

One contact

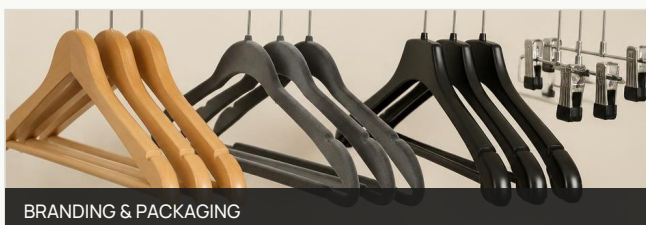

A single person on WhatsApp and email from enquiry through to delivery.

Open catalogue

Unlisted items welcome — a photo or sketch is enough to start.

Who we work with

- Fashion designers & ateliers
- Garment manufacturers
- Buying houses & exporters
- Uniform & workwear suppliers
- Fashion institutes & textile labs
- Corporate gifting teams
